March 19, 2020

Dear Parent(s)/Guardian(s),

We hope that you are staying healthy, busy, and safe during this unprecedented closure. Thank you again so much for your commitment to ensuring that your children do not miss any instructional material during this time. I will continue to reiterate that we have the most dedicated families and staff in the state and it is heartwarming to see how everyone is coming together during this period of stress and uncertainty.

We have some **new updates** to share with you regarding student work during this closure:

- At this time, work posted by educators is **optional** and will **not be graded**.
- Every educator is still communicating with families regarding the work that they are posting and ways that scholars can make sure they don't fall behind. Teachers are posting **review** work on Unified Classroom (K-5) and Schoology (6-12) that scholars may complete at home. If you have any questions, you should always feel free to reach out directly to your child's teacher(s), the Principal in your child's school, the technology help desk (tech@whsd.net) and/or myself.
- We will still plan to have some standardized Kindergarten through 5th grade **review packets** printed and available at the meal pick up locations beginning next week.
- We have posted links to several free resources that will help to engage scholars academically while they're at home. Please utilize these resources and send me any others of which you become aware.

As always, please feel free to reach out with any questions. We are committed to the success of all of our scholars! Thank you again for all that you do!

Thank you,

Eddie Willson
Director of Curriculum & Grants
